Phonemic Awareness Activity Kits

Phonemic Awareness Activity Kit is an excellent resource for teachers and tutors, as well as family members. It can be used to practise: **alliteration, isolation and rhyming.**

Phonemic Awareness is concerned with the ability of the brain to process and manipulate sounds in words, i.e. to isolate all chunks of sounds (phonemes) in a given word in the correct order. Research has demonstrated repeatedly that in order for students to develop excellent reading and spelling skills they must also develop excellent phonemic awareness skills. These activities have been designed to provide fun ways for young students to practise with sounds in words.

This Phonemic Awareness Activities Kit includes: 5 colour coded bags of objects, 2 sets of number cards, a set of colour alphabet cards and a helpful set of instruction cards. A list of objects included in the kit is organised by initial and final consonant sounds, and short and long vowel sounds. All cards are laminated and long-lasting.

All kits are sold to raise funds for SPELD NSW under the kind permission of their author- "Ants in the Apple"

Item	Price	Qty	Total
Phonemic Awareness Activity Kit	\$85.00		\$
Postage costs \$15 for 1-3 Kits Contact the Office for postage costs for orders over 3 Kits Prices are as at September 2017 and are subject to change without notice		Postage (if applicable)	\$
