

SOUNDS - WRITE  
First Rate Phonics

# SOUNDS-WRITE FOUR DAY WORKSHOP

1st to 4th October  
Parramatta, NSW

**Sounds-Write is an evidence-based highly structured synthetic phonics program utilising an exciting and highly successful approach to the teaching of reading, spelling and writing.**

This **four day** intensive course offers an instructional method that is multi-sensory, structured, code orientated, sequential and explicit. These are strongly recommended for teaching children to read and spell.

This course will provide lesson plans which are clearly structured and easily followed within a systematic, synthetic phonics program. It teaches all key elements of conceptual understanding, factual knowledge, and three essential skills of blending, segmenting and phoneme manipulation necessary to learn to read and spell.

Sounds-Write is developmentally appropriate for beginning readers in Kindergarten, Year 1 and Year 2, and also offers fast and highly effective intervention for children at all year levels who have fallen behind in their reading and spelling from Year 3 onwards.

## **Presenter: Lisa Watts**

Lisa has a Masters in Educational and Developmental Psychology, as well as a Dip. Ed. Before joining DSF Lisa worked for the WA Department of Education and managed a team of Psychologists, Teachers and Education Assistants who supported and planned for students with complex educational needs. This included mentoring teachers and providing consultations for whole school and classroom planning. Lisa has been utilising synthetic phonic programs remedially for over seven years, and uses Sounds-Write with the students she tutors.
